AI DELIVERY LEAD · FOUNDER, AI TRANSFORMERS

Anjani *Sharma*

More than 20yearsturning new technology into everyday work. These days that meansAI: I planit, build it and get it running, for teams and for businesses.

2003
working in technology since

0 to 30
people in the data science team I grew at MindMap

PRINCE2
Practitioner,with ITIL, Agile and Scrum

Speaker
London Business Show, Silicon Brighton, University of Brighton

anjani@aitransformers.org +44 7436 353049 linkedin.com/in/anjanisharma

Brighton, UK

What I can *do* for you

Two ways towork with me: bring me into your team, or bring my company in to build.

HIRE ME

AI delivery and programme lead

Forteamsbuildingorrollingout AI.

- Take AI programmes from roadmap to production
- Sprint planning, dependency mapping and risk tracking across several workstreams at once
- Progress reports leadership can act on, in plain language
- Lead mixed teams of engineers and data scientists, up to 30 people
- Talk architecture with engineers and outcomes with senior leaders

HIRE MY COMPANY

AI Transformers builds it and looks after it

For businessesthatwantAIdoing real work.

- Websites that capture every enquir y
- AI receptionists that answer calls and book appointments
- A social media engine: video editing, posts and AI clones
- AI agents for the jobs that eat your week
- Data science: models, forecasting and dashboards
- AI strategy and training for your team

HOW I WORK

Start with the problem, then pick the tool.

HOW I WORK

Ship something small that works, then grow it.

HOW I WORK

Say so plainly when AI isn't the right fit.

My *journey*

FromeconomicsandmathsinDarjeeling to running AI delivery in the UK.

2000–03 — **St Joseph's College, North Bengal University** · Darjeeling
BA Honours in Economics and Mathematics.

2003–10 — **Starts in IT with Wipro**
Started myjourneyatWipro (2003 to 2006), then moved to Vertex (2006 to 2010).

2010–14 — **Dell International** · Process Engineer
Gapanalysis anduseracceptance testing; segmentation and predictive models; A/B testing that lifted user engagement by 15%.

2014–16 — **NASSCOM and MindMap** · Freelance Data Scientist
Trainedand certified universitylecturersasdatasciencetrainers for NASSCOM's Future Skills programme.

2014–23 — **MindMap Consulting Digital** · Lead Data Scientist, Analytics Lead
Grew the team from zero to 30 data scientists and engineers, and ran delivery planning and reporting across client programmes.

2023–24 — **Admiral Group** · Senior Data Scientist, Cardiff
Complaint-predictionmodelonGoogleCloudwithdrift monitoring in Looker; mentored data scientists.

2023–now — **AI Transformers** · Founder, Brighton
Building and runningAIproducts,voiceagents, websites and content systems for businesses.

WORKED WITH

Dell, Wipro, MindMap Digital, Admiral Group and NASSCOM

Selected *results*

FrommyyearsatMindMap,Admiraland Dell, as measured on those projects.

20%

Better ROI prediction

ABayesian marketmix model that set marketing budgets across channels and regions.

MINDMAP

15%

Higher customer retention

Machine learning segmentation and targeting, which also lifted marketing conversion by 20%.

MINDMAP

0 to 30

A team built from scratch

Hired and led data scientists and engineers, and owned delivery across client work.

MINDMAP

OCR

Paperwork, automated

An OCR engine that took manual document processing off a bank's desks.

MINDMAP

GenAI

Early GenAI builds

A customer support chatbot, a RAG pipeline for metadata, and a video summarisation tool.

MINDMAP

Live

Complaints, predicted

A customer profilemodel on Google Cloud, watched for drift and anomalies in Looker.

ADMIRAL GROUP

15%

More user engagement

A/B testing and predictive models that changed what customers saw.

DELL

Trainers

Teaching the teachers

Certified university lecturers as data science trainers for a national skills programme.

NASSCOM

Built at *AI Transformers*

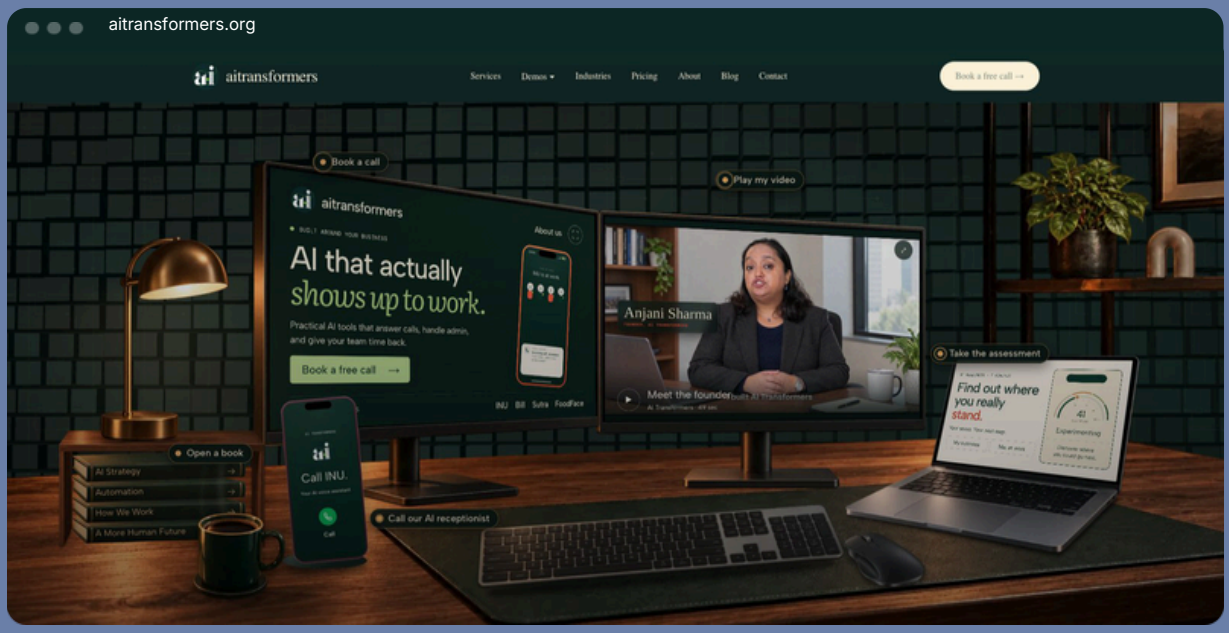

Since2023,fromBrighton.Eachoneislabelledwithwhereitreally stands.

OUR WEBSITE

aitransformers.org, built by us

Designed and built in-house with Claude Code. Try the demos, hear Aria take a call and watch the videos there.

Visit aitransformers.org →

IN USE

Aria, AI receptionist

Answers our phone line and books calls into the calendar while the caller is still on the line.

IN USE

AI video and clones

Myvideos are edited with Claude, and my AI clone helps make them. The same engine works for clients.

DAILY USE

Dokane

Multi-tenant bookkeeping software for shops, in daily use in India.

PAID BUILD

Campaign app

Built foran organisation in India, which paid for the first version.

LIVE DEMO

INU agents

Avoice agent that becomes a receptionist for the caller's industry. INU has 12 agents built, from invoice chasing to stock and lead gen.

LIVE DEMO

Bill

Bookkeeping over WhatsApp. Snap a receipt and it lands in the books.

Skills and *credentials*

DELIVERY
PRINCE2 Practitioner, ITIL Practitioner, Agile, Scrum, Kanban, CI/CD, Jira, GitHub, Notion

AI AND GENAI
Claude and Claude Code, LangChain, Semantic Kernel, OpenAI API, LLaMA2, RAG, FAISS, Whisper, Mixtral, Hugging Face, voice agents (ElevenLabs, Twilio)

MACHINE LEARNING
XGBoost, Random Forest, LSTM, TensorFlow, Keras, scikit-learn, Bayesian modelling (PyMC), A/B testing

CLOUD AND DATA
Google Cloud (BigQuery, Vertex AI, Looker), AWS (SageMaker), Azure ML, Databricks, Snowflake, Supabase

LANGUAGES
Python (Pandas, NumPy, SciPy), SQL, R, Java

VISUALISATION
Looker, Tableau, Power BI, Matplotlib, Seaborn

EDUCATION
BA Honours, Economics and Mathematics
St Joseph's College, North Bengal University, 2003

SPEAKING AND TEACHING
Better Business Show 2026, Worthing and Adur Chamber of Commerce: a talk, plus the show's photo and lead system

London Business Show 2024, through LBN Silicon Brighton: n8n automation workshop for small and medium business owners

University of Brighton: presentation, 2025 NASSCOM Future Skills: certifying university lecturers as data science trainers

CERTIFICATIONS
Generative AI for Data Scientists, IBM

Generative AI and LLMs, DeepLearning.AI and AWS

LLMOps Specialisation, Duke University

MLOps, Duke University

IBM Data Science Professional Certificate

Advanced Data Science with IBM

Machine Learning on Google Cloud, Google

Machine Learning, Stanford Online

Let's *talk*

Whetheryou'rehiring or you need something built, a short call is the quickestwaytoseeif I can help.

HIRING?

AI delivery and programme leadership

I'mopen torolesleadingAI delivery, programmes and product.

NEED SOMETHING BUILT?

AI Transformers

Websites,AI receptionists, agents and content engines, built and looked after.
